SIU 2010 Presentation Details

There are five presentation categories, as listed below. Please find the details corresponding to yours.

Podium Presentations

Podium presentations will be 10 minutes in total; 7 for the presentation and 3 for questions and discussion. Meeting rooms will be equipped with data projectors and a laptop. Podium presenters are asked to bring their slides* to the Speaker Preview Room at the Mansour Eddahbi Palais des Congrès on DVD or USB key 24 hours prior to the scheduled presentation time.

**All speakers must prepare a slide indicating any potential conflict of interest (or absence thereof), and repeat this information orally at the beginning of the presentation.*

Moderated Posters

Moderated poster presentations will be 3 minutes in total, plus questions and discussion as determined by the moderators, with 20- to 30-minutes allocated to poster viewing at the start of the session. **There will be no slides for moderated poster sessions.** Posters should be mounted 30 minutes prior to the session start time, and dismantled immediately at session conclusion. For poster dimensions, see below.

Videos

Video presentations will be 10 minutes in total, 7 for the video screening and 3 for questions and discussion. Your video should have already been submitted to the Programme Office, either through the FTP upload site, or by regular mail. If you need to submit a revised version, please contact us immediately (anna.johansen@siu-urology.org). Video presenters should check in with the Speaker Preview Room 24 hours prior to their presentation.

Unmoderated Posters

Unmoderated posters will be on display for one day, either Thursday October 14, or Friday October 15; your corresponding session date is indicated above. Posters should be mounted by 09:00 the morning of the presentation and dismantled by 16:00 on the same day. It is recommended that presenters arrive to take down their posters at 15:30, as the Exhibit Hall closes at 16:00. Please take note of poster dimensions below. Handouts are permitted inasmuch as they are displayed in an orderly fashion and do not encroach on neighbouring posters.

Read by Title

These submissions will be listed in the final programme, but not physically presented at the Meeting, due to a very tight programme schedule and lack of space to accommodate the large number of submissions. Please note that these abstracts *will not* be published in *Urology*.

Poster Dimensions

Moderated and unmoderated posters shall be designed in portrait format and not exceed 80cm (W) and 150cm (H). **Posters not conforming to these dimensions will be removed from the poster area.** There will be staff to assist presenters.
